

African Animals

Object-to-Picture Match

Directions:

- Print picture cards
- Cut and laminate into individual cards
- Match picture cards to small animal figurines
- Place picture cards and animal figurines into a basket. This makes it easy to contain all the pieces and easy to access for students.
- Show students how to lay out cards and match each figurine to a card. Name each ocean animal while matching.
- Place this activity in Dramatic Play Center (Wildlife Vet Center) so students can do this activity independently while playing there
